

RULES

With the *Flower Power* expansion, you can play with up to 6 players!

During setup, add the 14 new cards to the base deck and shuffle them together.

This pictogram  makes them easy to identify.

BICOLOR CARDS

The *Flower Power* cards have **2 colors**: The background color and the flower color, these are indicated by the ColorADD signs at the bottom of the card.

For example, a card is blue AND yellow, both for your color zone or for special cards.

SCORING

The expansion also brings new opportunities for scoring points:

Your facedown cards

Each **facedown card** that is not covered by a faceup card earns you 5 spirals 🌀.

Some cards earn you 1 to 3 additional spirals 🌀 for each uncovered **facedown card**.

New symbol

These special cards mean that you count 1 extra **cross** ✖ for each faceup card of the indicated color. So be careful when playing bicolored or multicolored cards!
